

STALWARTS ARE NOT RECOGNIZED

National Committee Does Business With La Follette Faction

EFFORT TO SAVE WISCONSIN

RUMPEL TURNED DOWN IN MILWAUKEE CAUCUSES.

Chicago, Oct. 8.—"The national committee has not said that it would remain neutral, and has given out no interviews on that subject," declared National Committeeman, New today, referring to published reports that neither side in the Wisconsin controversy would be officially recognized. "Last night this committee telegraphed Combs, chairman of the La Follette committee, at Milwaukee, that Senator Fairbanks would be available for a speech at Milwaukee Oct. 15 and asked if they would make arrangements for a meeting on that date. The action of the committee is the official recognition of the La Follette faction."

This is said to be the first instance the national committee has communicated directly with either committee in Wisconsin, or has given the national speakers in this campaign. It was Congressman Tanney of the speakers' bureau who telegraphed to the chairman of the La Follette state central committee, offering to send Senator Fairbanks into that state on the 14th or 15th of this month. Robert G. Cousins of Iowa was also tendered with Fairbanks.

This is the first move the national committee has made to send speakers into Wisconsin or to push the presidential campaign in that state. The sending of Fairbanks is regarded as distinctly in the interests of the presidential ticket.

Root For Stalwarts.
Milwaukee, Oct. 8.—Nearly complete returns from the Republican county caucuses in Wisconsin indicate that the La Follette organization will control the nominations in the county convention by a good majority. Besides this, the control of the county organization is lost to the "stalwarts." This is a complete change in the situation which has existed for years.

DAMAGED IN COLLISION.
Havre, Oct. 8.—The British steamer Indrani, at this port from Baltimore, has been damaged by colliding with the Russian volunteer fleet steamer Smolensk. The extent of the damage is not as yet known.

PEACHED ON HIS PALS.
Tacoma, Wash., Oct. 8.—E. J. Meyers, who confesses that he is a member of the Hildebrand-White gang of burglars, who have been operating extensively in Seattle, has been arrested today. He showed the detectives where the revolvers of his companions were buried.

CONVENTION CONCLUDED.
St. Louis, Mo., Oct. 8.—The business of the United Daughters of the Confederacy, who have been holding a national convention here during the week, was concluded today with the signing of a resolution. This convention was the largest ever held by the society, 500 delegates from all sections of the south and many from the north being in attendance.

ON THE SAFETY OF OVER-EATING.

The Rule of Choosing the Lesser of Two Evils Applies to the Way You Eat.

I want to know how a man is to know when he has had enough? The English Father I believe, had a quaint saying to the effect that you should always rise from the table feeling as if you could eat some more. But the question is, how much more? Just when to stop? That's the point. The rule is wrong, because it's no rule at all.

It is inexact and unscientific. It is likely to lead to the dangerous habit of eating too little.

And eating too little, or digesting too little, which amounts to the same thing—is the cause of nine-tenths of the diseases from which humanity suffers today.

What is disease? It is simply uneven balance between waste and repair. Some organs lack strength to carry on the special work for which it was created.

Where shall I find the strength it lacks? In drugs? Ten thousand times, NO! Better die than become a hopeless drug fiend.

No, in food. "But," you say, "I eat a plenty of food every day!" True, dear friend, but you don't digest it.

And food, undigested, is more poison. So, to make food do you good, you must take Stuart's Dyspepsia Tablets. The great thing about Stuart's Dyspepsia Tablets is that their action does not depend upon stimulative drugs. They cannot create a habit.

They contain no ingredients to "pick you up," "tone up your nervous system," or furnish whip energy, by calling out your vital reserve forces. They create new strength, force and energy—out of your food.

If taken sparingly, they will do you no good at all. So eat to live, and live to eat, with Stuart's Dyspepsia Tablets. The curse of our present civilization is exhaustion.

And exhaustion, whether of brain, nerves, physical strength or vital force, is caused by starvation. Of two evils, it is better to over-eat (and prevent indigestion with Stuart's Dyspepsia Tablets), than to rise from the table, not having eaten enough to repair the exhaustion of your vital forces.

For exhaustion or starvation leads to the most varied forms of sickness or disease, brought on by inability of the weakened vitality to counteract the disease-poisons, and microbes. Whereas the well fed and well nourished person, without ever feeling the force, fat, it can expose himself to dangers, the mere thought of which would drive the weak, starving dyspeptic into a panic fit.

Good food, well digested, is the great secret of a healthful existence here on earth.

So eat heartily, every day, of the best food you can get, and regulate the working of your digestive machinery with Stuart's Dyspepsia Tablets.

As a result you will be astonished to find how much more and better work you can do, how much more pleasure you will get out of life, and how your old enemy, that chronic trouble which has fastened upon your weak spot, wherever it is, will up and away, and ever after leave you in peace, health and comfort.

There's more truth than poetry in all this. Ten it once.

WILL SING AT ST. MARK'S.—Sherman W. Moody, of Grand Junction, Colo., will sing the offertory solos at St. Mark's cathedral today.

ORICE NOT GUILTY.—After being out eight hours the jury in the case of Sam Orice, charged with attempted burglary, last evening returned a verdict of acquittal. On the night of April 11, 1904, Orice was charged with the burglary of the Metropole saloon, kept by M. A. Smith, at 202 South West Temple street.

PEOPLE PAYING TAXES.—Taxes are coming into the county treasurer's office slowly. Thus far \$200 payments have been made, aggregating \$200. Last year up to the last day allowed for paying, Nov. 15, 40,000 payments were made, totaling nearly \$1,000,000.

FIRST JEWISH CARD PARTY.—The first card party of the Council of Jewish Women will be held at St. Mark's cathedral, Sunday evening, Oct. 15. Mrs. I. Hasselberg and Mrs. Charles Loeffler will be hostesses. Thirty-five will be given this winter for charitable purposes.

AUTOMOBILE RACE COSTS TWO LIVES

chase had sustained injuries that put it out of the running.

Glass in the Roadway.
There was a continuous bursting of tires at one point in the course that aroused suspicion, and investigation showed that a quantity of sharp nails and broken glass had been thrown on the roadway. This cause was due to the retirement of a number of the machines early in the race.

Of the eighteen starters but eight remained in the race at the fifth round of the triangle, or when the race was half finished.

Heath covered the last lap of thirty miles at the rate of seventy-two miles an hour. His average speed during the ten laps was fifty-two miles an hour.

The four machines in the race and who were from two to three laps behind at the finish were called off without being allowed to finish, it being found impossible to keep the crowd any longer under control after the exciting race between Heath and Clement.

Heath Coming Up.
Heath passed Queens in the second round in second place, having jumped from seventh to fourth place in the first round and to second place in the second round. At the third round Heath dropped to fifth place and was ahead of Clement.

At 2:20 Tests was first, Heath second, Clement third and Gabriel fourth. Heath, however, finished the fourth round in the lead as to actual time. Hawley quit the race at the end of the second round.

Heath continued to lead until the eighth lap, when he was delayed by trouble with his fire and Clement passed him. At the 10-mile point, at the end of the fifth round, the following was the order: Heath first, Clement second, Lytle fourth, Tarte fifth.

Heath's average speed in the first half was sixty-three miles an hour. Heath, after the delay, leaped back to the lead at the ninth lap and finished the race in the lead. Heath was now three minutes behind Clement at the end of the race. Heath had only a lead of ten minutes, according to the official announcement. Heath had gained a minute on him, but did not seem that he would wipe out the two minutes remaining.

Cheers and Yelling.
On the two men came to the finish line, the cheering and yelling, throwing hats into the air and waving handkerchiefs, coats and caps. On came the cheering, shouting, puffing, chugging and snorting like juggernauts. There was silence in the crowd, the machines whirled and then one flashed across the line. It was Heath, followed a minute later by Clement.

EPISCOPAL CONVENTION.
Divorce Question to be Taken Up at Monday's Session.

Boston, Oct. 8.—Rt. Rev. James Carmichael, coadjutor bishop of Montreal, assistant to Archbishop Bodin, president of the convention, will preside over the session of the Episcopal church in that country at the general convention of the American Episcopal church, which was received by the house of bishops of the latter body at today's session of the convention.

A discussion developed over the report of the committee on the dispatch of business that the report on the proposed new canon on marriage and divorce be taken up next Monday. Chief Justice Smith of Rhode Island, Rev. Dr. John Fulmer of Philadelphia and others argued against growing legislation on the house, but the deputies voted to call up the divorce question at that day.

A message from the house of bishops announced that it had occurred with the house in discharging the committee on change of the name of the church.

OPERATIONS NOT ALWAYS NECESSARY.
Doctors Frequently Mistaken.

"I suffered untold agony with piles for over three years. Two doctors told me nothing but an operation would cure me. I tried different remedies, but nothing did me any good until I used Pyramid Pile Cure. I bought six ointment boxes at the drug store, and now I can do my work and go out, where before I spent most of my time lying down. I thank God for giving the discoverer the knowledge to make such a cure. I recommend it to all my friends, and if I ever have piles again will continue to use this reliable remedy. You can use this in any way you wish to make known the wonderful merit of Pyramid Pile Cure." Mrs. William McKay, 81 Marshall street, Elizabeth, N. J.

The experience of this lady is that of thousands of others who have been assured that nothing short of an operation would rid them of this distressing complaint. On the face of it, it appears as if too many surgeons operate in order that they may keep their hands busy and their little purses full, and do not again, too many surgeons are anxious to experiment (like the scientific man in Mark Twain's pathetic story of the dog and his little puppy), and do not have proper regard for a patient's physical welfare or condition.

We advise every sufferer to think twice before submitting to an operation for piles, and suggest that those interested write to the Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles, which is sent free for the asking.

SHEEPMEN, ATTENTION!

Any person, company or corporation desiring to trail or ship sheep or bucks into the state of Wyoming, shall notify the secretary of the state board of sheep commissioners, Cheyenne, Wyo., as provided in section 2,991 R. S., at least ten days prior to date of entering the state, and shall send with such notification the sum of one hundred and fifty dollars for each and every band of six or more sheep or bucks, the cost of investigation and inspection. Any sum remaining after the cost of such investigation and inspection is paid shall be returned to such person, company or corporation.

All bucks entering the state shall be dipped twice, the second dipping to be within a period of not less than ten days from the first dipping. Any sheep immediately exceeding said first dipping. Should the inspector find that scab exists in any band of bucks, he shall immediately notify the secretary of the state board of sheep commissioners, who shall at once institute suit under the provisions of section 2,991, R. S. of Wyo., 1890.

The said diseased bucks shall be kept in quarantine for a period of six months from date of last dipping. The board will refuse to recognize as dipped any sheep not dipped under the supervision of the government or state inspectors, and in accordance with the rules and regulations of this board.

Sheep brought from without the state by rail shall in all respects be treated as hereinafter provided for sheep brought from without the state on hoof, except that such sheep may be held in quarantine instead of at the point of destination instead of at the state line.

The above quotations are from the rules and regulations of the state board of sheep commissioners, and the board will insist upon all persons entering the state with sheep or bucks complying with the above regulations. Violators of these rules will be prosecuted vigorously.
